The UPPA Golf Day and evening party was organized not only to provide an opportunity for past pupils and past parents to gather on the course and afterwards but also to raise much needed funds for various projects at Uplands Prep & College.

The day was a great success in terms of funds raised and equally if not more importantly, the camaraderie and awareness raised for both UPPA and Uplands.

The generous sponsorship we received certainly helped us reach our goals for the day and we sincerely thank those for being part of this initiative. We will be hosting this event annually so we will keep you posted of next year's plans.
